Hi Kate and Nancy

Attached is an updated responsiveness summary of the extent to which Excelsior addressed EPA's comments in their updated permit application, submitted in June 2017. This review reflects our evaluation of the updated permit application and discussions during the July 6 and July 12 conference calls with Excelsior. (For completeness, Jim's comments on Attachment R, delivered last week, are included in this document.)

Please let us know if you have any questions or comments on the attached.

We are continuing to review the ADEQ permit and will begin to update the permit text to address the recent information.
